NUMBER 204

FORCED Announcement!

I have not been Closed by being thrown into Bankruptcy, but am Open to the General Public as I have been for the past 12 years

Read the evidence below, given out Nov. 26th, 1912, from the Register of Deeds and District Clerk's offices, then reflect:

The State of Oklahoma,
County of Pontotoc.

I, W. T. Cox, Clerk of the District Court in and for Pontotoc County, do hereby certify that no application has ever been made to said Court for, nor has anyone been appointed receiver for Gubin-Barack Co., and that according to the records of said Court no person has authority to act as such receiver.

Witness my hand and seal of my office this the 26th day of November, 1912.

(SEAL)

W. T. COX,

Clerk District Court, Pontotoc County, State of Okla.

I hereby certify that there has been no paper filed or recorded in the Office of the Register of Deeds relative to an Assignment of Gubin-Barack Company.

(SIGNED)

D. W. SWAFFAR,
Deputy Register of Deeds.

I. HARRIS' PROTECTION SALE

To Discuss New Militia Plan.

Norfolk, Va., Dec. 2.—Several hundred delegates, representing nearly every state in the Union, are here to attend the annual convention of the National Guard Association. During the three days' session the chief subject of consideration will be the plans recently announced by the War Department for the arrangement of the organized militia into 12 tactical divisions, with a view of perfecting the "state of preparedness" for an orderly and effective mobilization of the state troops in the event of war.

HODGES WILL BE GOVERNOR OF KANSAS

Topeka, Nov. 30.—The certificate of election as governor of Kansas was this afternoon issued to George H. Hodges by the state canvassing board. His official plurality over Arthur Capper is twenty-nine.

The supreme court this afternoon denied the rehearing asked for by Capper's attorneys of the Wabaunsee county case and dissolved the restraining order against the state canvassing board from issuing a certificate of election on governor.

The final official returns showed that Hodges received a grand total of 167,437 votes, and Capper 167,408. Thirty-two counties sent in supplemental returns. Before the changes they made were figured into the results, Hodges had a plurality over Capper of thirty-one. The supplemental returns showed a net loss from the original total of 101. That cut down Hodges' original plurality by two votes, or from thirty-one to twenty-nine.

Arthur Capper said tonight: "I have not yet fully considered the matter of bringing a contest, but I will decide about it in a few days. I feel that about 3,000 votes for me were thrown out as invalid because the voters marked in the circle and square in the same column. I am disappointed that these could not be counted now."

According to attorneys, Capper cannot bring a contest until Hodges has been inaugurated and is in possession of the office of governor. His proceedings then could be in quo warranto before the supreme court or a contest before the state senate.

WAR OR PEACE TO END UNHAPPY REIGN?

Vienna, Dec. 2.—With the flying of flags and the holding of services of thanksgiving in all the churches, the people from end to end of the dual monarchy today celebrated the beginning of the 65th year of the reign of Emperor Francis Joseph, who is most often referred to as the most beloved ruler in Europe.

In the present struggle for the control of the Balkans, which threatens to result in a general European conflict, Francis Joseph, now in his 83rd year, once more takes the center of the stage of world diplomacy. And Europe, mindful of his long and wonderful reign and the great influence it has for peace, is wondering if his life as a ruler is to end as it began, in a bloody war.

Those who have known Francis Joseph, the ruler of the last 45 years, say he will avoid war; those who remember the boy of 18, who came to the throne in the midst of the storm and tumult occasioned by the revolution of 1848 and saved a tottering kingdom, who, in spite of defeat after de-

Better Buy Your Christmas Goods NOW

OPPOSITE HARRIS HOTEL

Joseph was somewhat unexpectedly called to the throne he found his realm in a state of indescribable confusion. The policy of his immediate predecessors had been harsh and repressive, and the great revolutionary war of 1848 caused formidable uprisings in both Austria and Hungary. These were sternly repressed and drastically punished. The ancient liberties of the Hungarians were curtailed and ultimately abolished, and Francis Joseph seemed destined to be perpetuated in history as one of the most despotic of European monarchs.

From this bad reputation he was saved by what seemed at the time a series of tragic misfortunes. In a short campaign in 1859 Austria was defeated by France and deprived of nearly all her Italian territory. Then followed the crushing defeat inflicted on her by Prussia in 1866, and her expulsion from the German confederation.

This series of national humiliation only served to make apparent the statesman-like qualities of Francis Joseph. From projects of foreign aggression he turned to plans of national betterment. The claims of Hungary began to receive consideration. The plan for a federal empire was adopted, and Francis Joseph was crowned a new king of Hungary in 1867.

So peculiar a constitution as that of Austria-Hungary called for the exercise of patience, tact and administrative ability of the highest order, but for 45 years the "Emperor of Sorrows" has managed to overcome all difficulties and yet retain a personal popularity which is without parallel among the present crowned heads of Europe.

THANKS

To the Ladies and Gentlemen of Ada and adjoining Territory for the patience that they showed and good judgment in waiting to be waited upon.

I therefore want to apologize to them in behalf of the receiver, and thank them for their purchase no matter how large or small and hope to be at your service once more and will be better able to wait upon you.

Signed

GUBIN-BARACK COMP'NY

HEAR DR. MAHR THIS EVENING

Will Speak on Health and Hygiene.
Everybody Invited to Hear Him.

Dr. J. C. Mahr, state health officer, of Oklahoma City, will give a public lecture in the county court house this evening at 7:30. His address will be "Public Health and Hygiene" and will be given under the auspices of the Pontotoc County Medical Society. Lantern demonstrations will be given all through the lecture.

Everybody is invited to attend this lecture. It indeed is a treat to hear a man like Dr. Mahr talk on what people should do in order to keep away the diseases that are caused mostly by ignorance. It has been said that the world suffers more from ignorance than from any other disease, or in other words, most diseases can be prevented if people only knew the prevention. This address of Dr. Mahr will go a great way towards teaching these preventions.

Roll Lady Wins Free Trip.

Mrs. Clay Jones of Roll is one of the winners in the contest just closed by the Oklahoman. She will get a free trip to New York and Washington at the expense of the paper.

feat, has kept an empire of 18 warring peoples together, who put down the Hungarian revolt with the world against him, and again won Hungary by peace when he lost it in war, these say he will not hesitate to fight if he thinks it necessary to preserve the life and honor of the dual monarchy and the welfare of his people.

If Francis Joseph goes to war at 83, after 45 years of peace, he will lose the glory that has come to him as the great pacificator and the rest he has well earned. But in sacrificing himself for the empire he will be doing only what he has done from his 18th year. He has lived for the empire only. Again and again has his domestic life been darkened by unspeakable tragedies, but he has never allowed his personal afflictions to make him forget for a single moment the necessity of attending to public duty. When, 64 years ago today, Francis

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

If kafir corn is not a good crop the Rock Island road has been badly fooled, for it is spending thousands of dollars on spreading the fame of the crop with its kafir corn special.

Editor Wood of the Duncan Eagle, is candidate for appointment as postmaster of Duncan. We hope he will get the job, for there is nothing too good for an editor.

Since the election there has been no further talk in Republican circles about selecting a successor to Vice President Sherman on the national ticket. With only eight votes in the electoral college it hardly seems necessary to take such a step.

The substitution of the word "hades" for the word "hell" does not appear to have given entire satisfaction. An effort is now to be made to strike out the former and insert either Chicago or New York—Waxahachie (Tex.) Enterprise.

A movement has started among the Bull Moosers to fire Geo. Perkins out of the councils of the party. Although somebody must be the scape goat after every defeat, it is hardly probable that Teddy will consent to making Perkins the one for the Bull Moosers. George is too liberal with his contributions for anything like that to happen.

WHY "SWAMP" GOT MAD.

When our old friend "Swamp" Campbell, Clerk of the Supreme Court, read that portion of Gov. Cruce's message recommending a modest salary for his office in place of the fat fee system under which he now operates, he tore up three perfectly good rugs, smashed two cut glass chandeliers, threw the cuspidor at the janitor's head, cursed the time lock combination off the vault door and then sat down amid the ruins in a dark blue atmosphere with vocabulary exhausted, lurid if limp, languid and lamenting.—Muskogee Times.

A REAL BANK

This BANK is a BANK in the true sense of the word, and it is conducted by men who aim to do a legitimate Banking Business. omy, will vanish at once. He makes a strong plea for education and for the maintenance of all the schools possible. He is of the opinion that most of opposition to the schools comes from men who in the early days of the territory opposed public schools in any form.

COUNTY DOCTORS IN SESSION

This afternoon the Pontotoc County Medical Association held its regular meeting at the office of Drs. Castleberry & Cummings and was well attended by physicians of Pontotoc and surrounding counties. Up to the hour of going to press, the chief event of the meeting was an address by Dr. J. C. Mahr, state health officer, on the work being done by his department. He was given close attention and many questions were asked by those present and answered by him.

Besides the local physicians the following were registered: Drs. J. C. Mahr, Oklahoma City; J. M. Bynum, Shawnee; W. R. Threlkeld, Francis; C. L. LaRue, Francis; T. A. Hill, Fitzhugh; J. F. White, Center; L. F. Watson, Oklahoma City; J. T. Mills, Sasakwa; G. O. Akers, Francis; S. M. Richey, Francis; James L. Shuler, Durant; John W. Lowe, Holdenville; Edward F. Davis, Oklahoma City; C. L. Orr, Roff; Arthur W. White, Oklahoma City; Fred Harrison.

This evening, after the public address of Dr. Mahr at the court house the doctors and a few guests will enjoy a banquet. As elaborate preparations have been made for this banquet, it is expected to be one of the most successful events of the season, though perhaps not as large as some.

EDUCATIONAL LOAN FUND.

Of all the work that has been done by the Oklahoma State Federation of Women's Clubs, none has excited more widespread interest or been of more practical benefit than the educational loan fund. This fund was originated at the state federation which met in the fall of 1911 at Oklahoma City. The purpose of this fund is to aid young girls to gain an education in any one of the state educational institutions. At the present time practically \$750 have been paid into this fund by the various clubs and club women of Oklahoma. Eight loans have been made of \$100 each to the following girls:

Vinnie L. Trout, of Norman, Oklahoma, student at Chickasha Industrial School, English course.

Lucy E. Barrow, Norman, Oklahoma, teacher of English and history, student at Norman University.

GARNER-DIAL

Sunday afternoon at 12:30, at the home of Mr. and Mrs. S. M. Dial in the Maxwell community, the marriage of Mr. Milton M. Garner and Miss Hettie, daughter of Mr. and Mrs. Dial, was solemnized in the presence of a few special friends, Rev. A. J. Deaton officiating. After the ceremony the guests were served with a magnificent dinner.

The bride is one of Maxwell's most estimable young ladies who has a host of friends in that and other communities. The groom lived at Oakman for a number of years and now holds a responsible place in the First National bank of Stratford. He is a young man of ability and industry who has always made good. The News extends best wishes and congratulations.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., Nov. 30.—The victors and vanquished in the recent congressional election will foregather at the Capitol Monday for the opening of the final session of the Sixty-second congress. The session, which will expire by limitation on March 4 next, will be confined almost wholly to the passage of the appropriation bills and other business of a routine character. No important constructive legislation is expected.

Following custom, both houses will adjourn soon after their convening at noon on Monday out of respect to the memory of those members who have died during the recess of congress. The president's annual message will be received Tuesday.

Decisions in some important cases, probably the Union Pacific merger suit and the hard coal cases, are expected to be handed down by the Supreme Court of the United States, when that body reconvenes Monday after the Thanksgiving recess.

A public consistory, always an event of world-wide importance in Roman Catholic church circles, is to be held in Rome Monday. Announcement is made that no new Cardinals are to be created at this time, but the red hat will be conferred upon five Cardinals who were unable to reach Rome in time for the last consistory.

Vice President-elect Thomas R. Marshall and former Vice President Charles W. Fairbanks are to be the guests of the Chicago Indiana Society at its annual dinner Saturday night. Mr. Fairbanks is publicly to advise Governor Marshall on "How to Be a Vice President."

The annual meeting of the National Rovers and Harbors Congress will assemble in Washington Wednesday and will be opened with an address by President Taft. The main purpose of the organization is to influence congress in its legislation for rover and harbor improvement.

A number of other gatherings of a national character are scheduled for the week, among them the annual convention of the American Road-builders Association, in Cincinnati, the annual meeting of the American Automobile Association, in Chicago; the annual conference of the National Guard Association of the United States, at Norfolk, Va.; the annual meeting of the National Civil Service Reform Association, in Milwaukee, and the quadrennial council of the Federation of Churches of Christ in America, which will meet in Chicago Tuesday for an eight days' session.

Good Roads the Main Topic.

Chicago, Dec. 2.—The subject of good roads, both State and National, is to be the principal topic of discussion of the eleventh annual convention of the American Automobile Association which opened here today at the Auditorium hotel for a session of two days. The association was founded in this city in March, 1902, and many of the founders and former officers of the organization are among those present. The national organization now comprises 44 state bodies and 450 local clubs, and is in a flourishing condition. Under the stimulating influence of the state organizations, many states have spent large sums of money for the building and improvement of roads, and at the present convention steps will be taken to extend the propaganda for good roads to the states which have not yet taken any steps in that direction.

This evening the Majestic will present Edison's feature story: The Dam Builders, a sensational story, most of which was laid at Brown's Station, New York. Pathe's Weekly will be another feature. Last, but not by any means the least, will be the vaudeville stars, Edmonds & La Velle, singers, dancers and comedians. The Majestic is a place where one always gets the worth of his money.

A. R. Jones of Fitzhugh was in the city this morning. He gave a glowing account of the promising outlook of the wheat crop, saying that it has had plenty of rain and looks as well as the last crop did in March.

The hunters who have been in the Kiamichis for the past two or three weeks, have returned, but they seem to be a trifle disappointed with their luck. In the way of big game only three deer and one turkey were killed.

Mrs. J. Q. Adams was operated on this afternoon by a specialist from Fort Worth. Mr. Adams requests the News to give an emphatic denial to a report that came to him to the effect that the operation was in the nature of a clinic held by the assembled doctors today. None of them were present, the specialist being employed by Mr. Adams personally.

New Parcels Post Stamps.

Washington, Nov. 30.—The new series of twelve stamps for exclusive use of the new parcels post will be ready for distribution after tomorrow.

The new stamps will be larger than the ordinary stamps and will be distinctive in color and design. There will be three series of designs. The first will illustrate modern methods of transporting mail, one stamp showing a railway mail car, another an ocean mail steamer, a third an automobile, now used in the postal service, and a fourth the dispatch of mail by aeroplane.

The second series will show at work the four great classes of postal employees—postoffice clerks, railway mail clerks, city letter carriers and rural delivery carriers. The third series will represent four industrial scenes showing the principal sources of products that probably will be transported extensively by parcels post.

A. L. Miles, who for the past three years has filled the office of undersheriff most acceptably, has resigned so that he may have time to arrange his private affairs before assuming his duties as county clerk a month hence. Sheriff Mitchell has appointed W. D. Kennedy to succeed him. A good appointment it is, for Mr. Kennedy is one of the best office men in the county.

Phone 176.

STALL'S STUDIO

THE PHOTOGRAPHER IN YOUR TOWN

PICTURE MADE OF THE PUBLIC SCHOOL PUPILS

This morning the children of the public schools of the city to the number of about 1,000, marched to the Dascumb-Daniels Lumber yard, which had been arranged especially for their accommodation, and had a panorama photo made. It was quite an occasion for the youngsters, for it is probably about the only time in the history of the Ada schools that they were thus grouped.

Mrs. Barbara Campbell returned this morning from Illinois, where she has been for several months, and will spend the winter with her daughter, Mr. W. T. Mercer.

A. A. Veatch of Tishomingo, representative-elect for Johnston county, was an Ada visitor today. Mr. Veatch was formerly editor of the Mill Creek News, but is now publishing the Remonstrator, a red hot socialist magazine. He is giving the socialists of his section a lively chase, his specialty being a red hot pitchfork.

COTTON NEARS 10,000 MARK

Cotton receipts are nearing the 10,000 mark, and although the rush is over and only a fractional part of what rolled into Ada a few weeks ago is now coming in, it is certain that not less than 11,000 bales will be received. The early freeze cost this market at least 2,000 bales.

At 2 o'clock this afternoon the season's total stood at 9,800. Of this number the county yard had received 8,620 and the round bale gin had turned out 2,360, equal to 1,180 square bales.

To Make Cotton Plant Perennial.

An enterprising German, Woldemar Schultze, of Berlin, has patented a "new process of preventing degeneration of cotton plants." Experiments covering a series of graftings in East Africa encourage the prediction that "the great advantages of the Schultze process will cause a revolution in the cotton industry of the world owing to the economy effected in production cost."

It is pointed out that raising cotton from a perennial plant obviates the enormous cost of replanting, that "in lieu of the present three cleanings of the field annually necessitated, two only in the second year, and one merely superficial the third year, will be required; subsequent years calling for no attention in this direction."

The promoters of the process are not yet prepared to say that it can be applied in countries subject to frost, although hopes are entertained that a frost-resisting plant can be cultivated.—Cotton Oil News.

Misses Girdle Saltee and Lula Dillback began a meeting for the Nazarine church at Bushnell school house last night, which will continue for ten days. They will be assisted by others.—Durant Democrat.

A YOUNG MAN

Working as a day laborer at the Oklahoma Portland Cement Company's plant was in our bank today and presented our time certificate of deposit payable to his order, for \$2,900, which we had been carrying for the past six months, and on which we had been paying him interest.

To this accumulated interest, he added his savings for the past six months, and took from us a new certificate for \$2,900, due in six months from date.

This young man has been doing this for several years. Beginning with his small savings several years ago, he has added to his certificate each six months until it has now reached the tidy sum of \$2,900.

This young man's earnings are probably no more, if as much as yours. Would it not be a wise thing for you to adopt the same policy? Start today the plan of spending less than you make, and putting your savings into a time certificate.

We would be glad to issue YOU one for any amount.

NEW MACHINERY FOR THE CEMENT PLANT

The Oklahoma Portland Cement Co. has just received a 50-ton Orton steam locomotive crane which will be installed at the plant to handle heavy castings, unload coal and other such work. It was manufactured at Huntington, Ind., the old home of President Beck, and is one of the most modern patterns of machine made today.

Besides this the company is putting in a steam shovel at the shale pits of the quarry. This shovel has a dipper attachment that picks up a ton at a time and when it is in good working trim the plan is to use a still larger dipper.

The First Year Class Party.

Friday evening the First-Year class of the Normal were delightfully entertained at the home of Miss Nell Hurst. The guests arrived at 8:00 o'clock in full mask. Much fun was had in guessing who each one was. Many games were played and a few class yells given. Each king drew for his queen, after which all unmasked, and were escorted to the dining room which was beautifully decorated with pink and white carnations, and delicious refreshments were served by Mrs. Hurst, assisted by Miss Mattie Cole.

At 11 o'clock every one pronounced it a most enjoyable evening, and Miss Hurst a delightful little hostess. Those present were: Misses Lula Logsdon, Flora Benswanger, Edna Slinger, Margaret Young, Hazel Armstrong, Thelma Allen; and Messrs. Donald Spawr, Paul Young, Emmett Roach, Guy Young, Don Davis, Vivian Powers, Albert McCoy and Walter Harris.

WAR DEPARTMENT WILL CARE FOR VETERANS

Washington, Dec. 2.—The war department is making plans to care for the feeding and shelter of the army of veterans, Confederate as well as Federal, who are to attend the encampment of the Grand Army of the Republic on the battlefield of Gettysburg next July, when the fiftieth anniversary of the great battle will be celebrated. Orders today assigned Captain Harry F. Dalton, quartermaster's corps, as assistant to Major Marmore, the depot quartermaster here, who is charged with the military arrangements. Both officers have been authorized to proceed to the battlefield.

It is roughly estimated 40,000 veterans must be placed under canvass and fed next July so that a great deal of work must be done to prepare quarters and secure proper water supply. The president of the United States, the governors of states and other notables who attend the celebration will be quartered in the academic buildings and fraternity houses of the local colleges, but the bulk of the visitors must be sheltered in tents. As the average of the survivors of the battle will be about 72 years next July, this will be a somewhat hazardous proceeding.

To Probe Election Fraud Charges.

Columbus, Ohio, Dec. 2.—The drawing of a grand jury was begun today, which will be charged with the investigation of the charges of corruption alleged to have been practiced at the recent election in Jefferson county. One of the charges to be investigated is that contributions were solicited and received from candidates to pay for a new organ for the colored church in Steubenville. Under the laws of Ohio it is a corrupt practice to solicit funds from a candidate.

Owing to these charges the commissions of all candidates who were elected at the recent election in Jefferson county have been held up. Such commissions will be issued only to those candidates who were elected without corruption.

KOPF SAYS IT SURE PAYS TO ADVERTISE

"Does it pay to advertise" is the question a representative of the News put to Mr. Kopf who is in charge of the Gubin-Barack Co.'s store, and who has done some heavy advertising within the past ten days.

"The crowd speaks for itself," he replied, "they know the truth and they know I will live up to what I say when I state I am going to close out the entire stock and fixtures. This shows that the right kind of advertising in the right places pays or I could not have brought this crowd together. I will keep up my advertising campaign until all goods are sold and will put a price on the merchandise that will move it, as no one in town wants to give bargains more than I do, and as it is not my money I am losing I will give the people of Ada the benefit of it."

INDIANS WANT FUNDS DISTRIBUTED

Ardmore, Ok., Nov. 30.—The largest gathering of Indians in the state since the organization of the Treaty Rights Association in August, 1908, was held here today at a meeting of this association. Gov. Johnston of the Chickasaws, Gov. Locke of the Choctaws and attorneys for the association and for the Chickasaws were present. The most prominent men of the Chickasaw and Choctaw tribes took part in the proceedings.

Gov. Johnston, who has been the inspiration and guiding hand of the association since its organization, voluntarily relinquished the chair and Dr. T. P. Howell of Davis was chosen chairman. J. F. McMurray, who has represented the Indians as attorney for many years and who won the famous tax suit in the United States Supreme court, was retained as attorney and congress and departments are asked to accord him the rights of special attorney.

Gov. Johnston was elected as delegate to congress and before the departments at Washington and congress is asked to pay him a salary out of the tribal funds. The Federal Government was asked to refund \$17,000,000 to the tribal treasurer, which it received for the leased district in the Western part of the state. Immediate sale of the coal and asphalt lands is asked for, following the settlement of the leased district claim. The attorney will ask for remuneration for 10,000,000 acres of land that is alleged to have been taken from the tribes in Mississippi before their removal westward.

Congress will be asked to remove restrictions from all Indians capable of handling their business and for a per capita distribution of all tribal funds, amounting to many millions of dollars.

Gov. Johnston delivered a lengthy message to the association, in which he recommends the reopening of the rolls for new-born members of the tribe, approves the retention of the district Indian agents, whose work was materially interfered with by the last congress, and for the removal of restrictions from the sale of lands of all Indians who are of less than three-fourths Indian blood.

M. W. A. WITHDRAW NEW INSURANCE RATE

Rock Island, Ill., Nov. 30.—An official statement withdrawing the order for new insurance rates, as adopted by the head camp of the order in Chicago, was issued from the executive offices of the Modern Woodmen of America today. The action was a sequel to a recent court decision in Springfield, Ill., enjoining enforcement of the new rates.

The order will be in effect pending the final disposition of the rate question in the last court of appeals. Meanwhile the old rates will obtain. The problem which now confronts the society is the status of the 200,000 members who have left the order in protest to the new rates as adopted by the head camp at Chicago. Under a special dispensation they have until December 10 to get back into the order without being counted as lapsed members. Those who fail to take advantage of this may be permanently out of the society.

On the other hand, there are 150,000 who have either joined the society since the new rate plan actually was adopted, or who had their policies transferred from the old to the new schedule. What is to be done with their policies and rates is another problem.

The head officers assure the members that pending the final settlement of the controversy an equitable rate will prevail for all these members of uncertain status, and that no further effort will be made to force the collection of the new rate until its legality is finally decided upon in the supreme court.

ALVA McDONALD RELEASED ON \$5,000 BOND

Oklahoma City, Ok., Dec. 1.—Alva L. M. McDonald, state chairman of the Progressive party, held in El Reno, charged with causing the death of F. T. Marsh, an attorney of that place, was released on bond tonight the amount being \$5,000 which was readily given. The charge against McDonald will be changed from murder to manslaughter. Bail was granted by District Judge J. T. Carney, El Reno, following an application filed by McDonald's attorney in a habeas corpus proceeding.

According to a message from El Reno late tonight, the testimony developed there was no malice on McDonald's part in the unfortunate altercation, which resulted in Marsh's death. The warrant charging the Progressive chairman with murder was served by his brother, who is yet under Sheriff of Canadian county. Many offers of aid came to McDonald from all sections of the state.

CONGRESSIONAL MILL READY TO GRIND

Washington, D. C., Nov. 30.—With the opening of the final session of the Sixty-second Congress but two days away senators and representatives from near and far are pouring into the capital today on every train. Heavily loaded baggage trucks proclaim to the people of the streets that law-making is about to be resumed. The hotel proprietors, boarding-house keepers and restaurateurs again have put on smiles that won't come off for three months.

It will be a short session, of course since it will expire by constitutional limitation on March 4. There may be some feeble attempts at constructive legislation, but they will amount to little, as politicians of both parties admit that the three months is entirely too short a time in which to perform any important task along this line. Little else than the passage of the various appropriation bills is likely to be attempted. Tariff bills will not be heard of until the extra session, it is conceded, but the Burnett immigration bill, the Philippine independence bill and the workmen's compensation bill will be given preference by the rules committee. In addition to these, it is expected that the proposition to purchase Monticello, the home of Thomas Jefferson, now owned by Representative Levy of New York, will be sprung early in the session.

In both houses the session will be remarkable largely in that it will mark the farewell appearance of many members who for years have been leaders or familiar figures in the Senate, or House. Among the senators who will enter upon their final session in the upper house are Wetmore of Rhode Island, Bourne of Oregon, Briggs of New Jersey, Brown of Nebraska, Paynter of Kentucky, Curtis of Kansas, Cullom of Illinois and Crane of Massachusetts.

Chief among the members of the

AN OPEN FALL

Owing to our open Fall a great many of us have neglected to get that new suit we have been promising ourselves, and now old man Winter is upon us, and the worst of it is that he gave us no warning that he was coming until he was here and now we are sore at the world because we are cold, but brace up, for it is not too late yet, for you still have time to give us that order and we will get it out in record time, so you see there is no reason why you should freeze after all.

Remember that we make your suit right here in our shop that it does not have to go out of town to be made and that you can come in and watch it through every stage of construction.

Your suit should be built just as carefully as your home and you should be just as much interested in its construction. You watch the construction of your home because you are going to live in it; because you want it built strong and lasting; because you want it to be of a pleasing appearance and because you want it built according to your style. You should be interested in the building of your suit, because you are going to live in it; you want it built strong and lasting; you want it to be of nice appearance and because you want it built according to your style.

MONEY FURNISHED PROMPTLY. Fire Insurance in best old line companies. We are actively engaged in the Real Estate business, and have numerous bargains in city and farm property.

EBEY & HARRISON BROS.

house who will sing their swan song before March 4 is Uncle Joe Cannon of Illinois, one of the most picturesque figures in twenty congresses, barring one, and speaker of the house for four consecutive terms. Other well known representatives who are about to pass out with the tide are "Nick" Longworth of Ohio, William D. McKinley of Illinois, Ebenezer Hill of Connecticut, William A. Rodenberg of Illinois, Dailzell of Pennsylvania, McCall of Massachusetts, Needham of California, and Pujo of Louisiana.

The opening session Monday, in accordance with precedent, will be brief and largely perfunctory. Several new senators and representatives who have been appointed or elected to fill vacancies that have occurred since the adjournment of the last session will be inducted into office. Both houses will appoint committees to call upon the president to notify him that congress is in session. Each branch will appoint another committee to notify the other house that it is in readiness to proceed with legislative business. When these matters have been disposed of both branches will adjourn "as a further mark of respect" to the members who have passed away since adjournment.

President Taft's annual message is expected to be read before each house on Tuesday. Then the country can watch them thrust and parry and intermittently legislate for three months, barring the time of recess over the Christmas holidays.

There is bound to be a whole lot of preliminary partisan strategy bearing on the turning over of control of all branches of the government to the democrats next March. But the chances are that, aside from agitation, nothing of great importance actually will happen until the extraordinary session of the Sixty-third Congress convenes at the call of President Wilson.

Chairman Henry of the House rules committee will be one of the most important figures in the coming session. As there will be a limited supply of calendar Wednesdays, the rules committee will have a tremendous power in shaping the course of legislation during the three months.

The legislative, executive and judicial appropriation bill will be ready for the presentation to the house as soon as that body is ready for business. The figures in the bill have not been made public, but it is pretty well understood that the department heads and bureau chiefs have tired of the small estimates of the past two years and in this final effort of the administration's officers have asked for about everything they could possibly think of.

Roosevelt Wedding Anniversary.

New York, Dec. 2.—Ex-President Theodore Roosevelt and Mrs. Roosevelt quietly celebrated the 26th anniversary of their wedding by a family gathering at their home in Oyster Bay. Mr. Roosevelt and Miss Edith Kern, daughter of Charles Carow, of New York, were married in London, England, on Dec. 2, 1886.

The Happy Habit—

CALUMET BAKING POWDER

Baking days are "Happy days" when you use Calumet.

It's the Baking Powder you've always wanted at the price you'd like to pay.

It saves money because it is economical in cost and use. It insures perfectly raised and delicious food because it is pure and uniformly good. In fact it gives you as good or even better results than the higher priced baking powders.

It is guaranteed to do this. Try a can today.

RECEIVED HIGHEST AWARDS
World's Pure Food Exposition,
Chicago, Ill.; Paris Exposition, France,
March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

ELKS LODGE HOLDS MEMORIAL SERVICE

Sunday afternoon was the time set by the Order of Elks for holding their annual memorial services. In keeping with this, the Ada lodge met at its home and held services in memory of Mitchell Katz, the only member of the local lodge to pass away since its organization some months ago. Besides the members a number of visitors were present to witness the impressive service of the order.

After the opening of the lodge, Rev. C. Stubblefield offered prayer. An address on the life of the deceased was delivered by Judge U. G. Winn and the eulogy delivered at the funeral by Judge Tom D. McKeown was read from the minutes of the lodge.

Solos were rendered by Misses Gertrude Thompson and Ruth Sowers. Miss Helen Baker accompanied them on the piano. The benediction was pronounced by Rev. M. B. Molloy.

PEOPLE SHOULD GUARD AGAINST APPENDICITIS

Ada people who have stomach and bowel trouble should guard against appendicitis by taking simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the German remedy which became famous by curing appendicitis. A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY because this simple mixture antiseptizes the digestive organs and draws off the impurities. The Ramsey Drug Company, Ada, Okla.—adv.
